ENGAGE

“I’ve enjoyed the opportunity to participate in ensuring voices of our diverse community are heard. Parks and recreation should be accessible and inclusive to all and this process is the first step in identifying ways to create livability for so many”

– Victor Sin (Vision Task Force Member)

Welcoming and Inclusive

Combines a range of ideas centered on building community, expanding the role of THPRD in people’s lives, minimizing or eliminating barriers to participation in THPRD’s services, expanding staff capacity, and building partnerships and community relations.

Play for Everyone

Reflects all the ways people (and their nonhuman family members) want to play, move and interact with THPRD, including participation in classes, activities, exercise, and sports; play in creative parks and playgrounds with imaginative new features throughout the year.

Accessible and Safe

Represents themes related to the overall maintenance of facilities and equipment and the ability of all THPRD residents to access their THPRD amenities safely. It also includes recommendations for ways to make facilities and programming more enjoyable and financially accessible for everyone.

Preserving Natural Spaces

Includes community ideas that envision opportunities for people to be in and enjoy nature. It is also representative of comments on trails – for recreation, travel, interaction with animals, and regional connection—preserving our shared natural spaces and educational opportunities in nature.
